PROFESSIONAL SUMMARY

Aspiring Software Engineer skilled in Java, JavaScript, and MERN stack development with experience building full-stack web applications through internships, hackathons, and academic projects.

SKILLS

Languages: Java, JavaScript, HTML, CSS

Frameworks: React.js, Node.js, Express.js

Databases: MongoDB, SQL

Tools: Git, GitHub, Postman

Concepts: OOPS, SDLC, Agile Development, REST APIs

EDUCATION

Bachelor of Engineering in Computer Science & Engineering

2026

Shree Devi Institute of Technology, Mangalore

CGPA: 8.47

PROJECTS

Grocery Delivery Web App

Developed a full-stack grocery ordering platform using MERN stack with user authentication, shopping cart, and order management features.

Personal Blog with Markdown Support

Secure blog platform with Markdown editor, CRUD operations, categories, and SEO-optimized content.

Employee Attendance Management System

Designed and implemented a full-stack MERN application for employee attendance tracking and management. Used AI-assisted coding tools to streamline development, optimize logic, and enhance workflow.

EXPERIENCE

MERN Stack Developer Intern — Zephyr Technologies, Mangaluru

Feb 2025 – May 2025

Completed intensive MERN training and developed real-world applications.

Centre for System Design — NITK Surathkal

Jul 2025 – Sep 2025

Built a smart e-learning kit system using Raspberry Pi 5 and IoT dashboards under SOLVE Virtual Lab.

Java Full Stack Development Intern — Tap Academy, Bangalore

Jan 2026 – Present

Currently undergoing hands-on training in Java Full Stack Development, working with Java, Spring, databases, and modern web technologies.

CERTIFICATIONS

Core Java Training — Internshala (2023)

Postman API Student Expert — Postman (2023)

JavaScript and CSS Certification — Udemy (2025)

ACHIEVEMENTS

Winner — Sankalp'25 Hackathon (AJIET)

Winner — Code4Change Hackathon (GEC Hassan)

Participated in IEEE technical workshops and inter-college technical competitions.
